### BUDGET HIGHLIGHTS

Budgeted revenue for all Town funds in 2022 is approximately \$16M.

As revenues are vulnerable to economic cycles, the Town maintains a conservative projection philosophy to ensure the fiscal stability of the Town and continue to maintain expected service levels.

Investments in infrastructure are being made in 2022 that are consistent with our Capital Improvement Plan.

The Town will be focused on adding additional sources of sustainable revenue to fund community services and amenities. The Town will encourage both retail and industrial development to generate both revenue and jobs as well as locations to shop in town.

The Town continues to focus on our mission of building a great community for families.

Honorable Mayor, Mayor Pro Tem, Trustees and the Citizens of the Town of Lochbuie,

In accordance with the State Law, I am pleased to present the 2022 Budget for the Town of Lochbuie.

Consistent with the Town's vision and the Town Board of Trustees' policy direction, the budget reflects the following goals:

- The Town of Lochbuie is and always will be a safe community
- The Town of Lochbuie will provide amenities, resources and services that are important to families
- The Town of Lochbuie will grow and add new sources of revenue to support a high quality of life while keeping tax rates low
- The Town of Lochbuie will actively engage residents and other stakeholders in the act of governing the town
- The Town of Lochbuie will maintain and improve the town's infrastructure to further improve quality of life

The Town's administrative leadership team successfully contained costs this year while maintaining predictable levels of service. The 2022 Budget reflects normal revenue streams and does include unused 2021 funds that will be "rolled over" to complete projects that will extend into the next budget year.

### NATIONAL ECONOMY

The U.S. economy continues to show signs of slowing.

Gross Domestic Product (GDP) has risen approximately 6.9% this year but is expected to increase only 3.6% in 2022.

Job growth will continue and unemployment will continue to fall.

Recent data suggests that the U.S. economy is moving towards an economic slowdown.

It is anticipated that inflation will increase through 2022, but overall economic recovery has picked up speed as evidenced by rising indicators of consumer spending.

Increased need for labor related to post-pandemic economic recovery will likely further drive up wages.

#### BUDGET PROCESS

The 2022 budget process began in July, as Town Board of Trustees refined their goals, reviewed key initiatives, and developed a crucial list of priorities for 2022 during a day-long Saturday retreat at Town Hall. Throughout the year, the board provided direction on key policy areas such as service levels, an updated employee handbook, and employee benefits, all of which were incorporated into the budget. After the board retreat, staff began creating department level budget requests and projections of revenues and expenses for 2022. The board then held a budget workshop at the end of August, where key direction was provided to begin preparing a draft budget document. The draft budget was reviewed with the board in October and it is now set for adoption on December 7<sup>th</sup>. The enclosed budget document reflects the Board of Trustee's input and direction.

#### THE LOCHBUIE ECONOMY

Lochbuie is not immune from national economic influences and trends. The Lochbuie economy continued to expand in 2021, primarily due to new home construction. Construction, and the associated revenue it generates, slowed considerably in the fourth quarter of 2021.

Consumer activity in Lochbuie also saw modest growth in 2021, primarily due to on-line sales and vehicle transfer taxes. New home construction in 2021 fell below projections, but the market locally for new homes still appears very strong. Lower numbers in 2021 do not appear to be a reflection of the market, but rather the result of developer difficulties bringing new developed lots to market. As new home construction continues, related demand for neighborhood based retail services are expected. Likely locations for new retail are along the WCR 2 corridor.

#### CHALLENGES AND THE YEAR AHEAD

Lochbuie remains fiscally stable and is committed to sustainable financial planning. Residential growth, though generating one time revenue, continues to exert pressure on the Town's budget due to the demand for additional services. Furthermore, it is expected that the pace of residential growth will increase significantly in the coming years. The cost of payroll and benefits continues to rise to meet market and regulatory demands. Attracting industrial and retail development is essential towards creating higher forms of sustainable, long term revenue reduce the pressure to increase expenditures faster than revenues will increase. Consequently, as we look to the future, we need to continually evaluate innovative means of providing the outstanding services our citizens and taxpayers have come to expect. We must continue to carefully manage town operations to maintain our strong financial situation, controlling growth in the capital and operating budgets, while aligning financial investments to council goals and desired outcomes. Town staff monitors monthly expenditures and revenues as compared to the approved budget, communicating significant disparities.

### COLORADO ECONOMY

The Colorado economy is expected to continue to show growth.

State revenue growth is anticipated to be steady through 2022.

Growth is expected to moderate from recent year highs, mostly due to uncertainty related to ongoing COVID-19 impacts locally, nationally and globally.

Inflation is slowing due to lower energy and housing price growth.

The tight labor market has presented a challenge to employers trying to hire and retain talented employees.

Trade conflicts continue to pose a threat to the Colorado economy and rural areas of the State.

A continuation of trade conflicts could have an effect on the Colorado consumer via higher prices for domestic consumers\*.

Lochbuie is in a period of dynamic change, which will continue for the next fifteen to twenty years. During this period, Lochbuie will face significant financial challenges if we are to maintain the current levels of service residents have come to expect.

#### 2022 BUDGET

Lochbuie's budget document supports and sustains the goals of the Board of Trustees. We continue to demonstrate the Town is balancing the budget with minimal fund balances (in the form of "roll-over" of unused funds in 2021), taking care of capital maintenance, attracting and retaining a high quality workforce and maintaining service levels. It provides the 2022 Budget, serving as a policy tool for the Board of Trustees, an operational tool for Town staff and an informational device for the public.

The 2022 balanced budget is in conformance with State Law and Town policies. The total anticipated revenues from all sources in 2022 are approximately \$16.2M. The Town of Lochbuie has a relatively diverse and conservative revenue structure. General Fund revenues are projected to increase 24.2 percent from estimated 2021 revenues. This increase is driven primarily by updated projections of property, sales and use tax revenue and increases in building permit activity. The Town will have projected General Fund cash reserves of \$5.97M at the end of 2021 and total reserves, across all funds, of approximately \$29.7M, most of which are reserved for future water and wastewater facility expansions.

In closing, thank you for allowing us to serve the Lochbuie Community. Every day, our dedicated employees are committed to the relentless pursuit of excellence. This document reflects our continued focus on organizational development. At the end of the day, excellence means that the Town has consistency in programs and services, consistent expectations for employees, developed policies and systems and measurable results so improvement can occur. In 2022, we will continue to further align our services with Board of Trustee goals based upon community expectations, achieving meaningful outcomes that advance our vision of a community that will always be a great place for families to thrive.

Pan K. M. Brown

Sincerely,

Brian K. McBroom

Town Administrator
