

The Mayor's Corner

Fellow Lochbuians-

Well, the Mayor's Mingle has successfully become a regular part of the newsletter. Mission one ... accomplished.

What's been happening in town and at the recent board meetings?

First, the town's new and improved website is live. It is now more functional and easier to navigate. Give it a try and let us know what you think.

Second, as you've all seen, the CR2 widening and rebuild project is in progress. The project will take most of the rest of the year to complete. We recognize that this critical infrastructure project will undoubtedly cause delays and other minor annoyances. To that end, please be patient with the construction workers and town staff over the next several months. By the end of the year, the benefits of this project should be enjoyed by everyone in town.

Third, the town anticipates that it will receive nearly two million dollars in grants over the next several years. Those grants will be used to complete critical infrastructure improvements to the on- and off-ramps at I-76, as well as to construct a trail between CR37 and Meadow Ridge Elementary School. Please join me in thanking our dedicated town staff for their excellent work in preparing the documentation necessary to secure these significant grants.

Fourth, I've hosted two Mayor's Mingles over the past several months. The attendance has been very low. Nonetheless, I intend to continue hosting such events. In the summer months, the plan is to host one or more "BBQ Mingles" in various town parks. When we schedule the dates for these events, we'll post them on the town website and in this newsletter. I encourage everyone to attend to chat with me and other members of your town board.

That summarizes some of the biggest recent happenings. As always, do not hesitate to contact me or any of the members of the board with your questions, comments, or concerns.

Thank you,
Jacob R. Lofgren, Mayor
