### SNOW REMOVAL REMINDER!

During light snowfalls of 2 inches or less, spot treating of roads will be done on all designated routes and in certain icy areas on non-designated roads (controlled intersections or significant elevation changes). If snowfall is predicted to exceed 2 inches, Town crews will plow and treat primary routes beginning when 2 inches have accumulated. The Town uses de-icing materials (no salt or sand) for road treatments. See the complete map and list of priority streets/routes on our website at: [www.lochbuie.org](http://www.lochbuie.org)

*Note: According to Town Code, "residents have 24 hours after snow has ended to shovel walkways in front of their homes".*
