**REMEMBERS:** Delinquent payments are due by 1/04/2022 to avoid shut off on 1/5/2022. Payment arrangements may be available. Contact Town Hall for more information.

## TEMPORARY ROAD CLOSURE

A temporary roadway closure of Weld County Road 2 (aka Baseline or East 168th Avenue) between North 60th Avenue and King Street. This closure is facilitated by the need to demolish and reconstruct the existing bridge over the Speer Canal.

**The temporary closure is currently scheduled to begin January, 2021 and will finish on March 16 2022.** During that time, the roadway will be closed twenty-four (24) hours per day. Throughout the closure, traffic will be detoured on surrounding arterial streets and therefore we kindly ask that you please follow all posted detour signage.

An exhibit depicting the detour route and signage has been provided on page 3 of this newsletter for reference.

## SNOW REMOVAL REMINDER!

During light snowfalls of 2 inches or less, spot treating of roads will be done on all designated routes and in certain icy areas on non-designated roads (controlled intersections or significant elevation changes). If snowfall is predicted to exceed 2 inches, Town crews will plow and treat primary routes beginning when 2 inches have accumulated. The Town uses de-icing materials (no salt or sand) for road treatments. See the complete map and list of priority streets/routes on our website at: [www.lochbuie.org](http://www.lochbuie.org)

*Note: According to Town Code, “residents have 24 hours after snow has ended to shovel walkways in front of their homes”.

## PLEASE DO NOT BECOME A VICTIM OF VEHICLE THEFT!

With cooler weather upon us, law enforcement would like to remind all residents that leaving your car running unattended in the driveway or on the street is an invitation to car thieves.
The Colorado Low-income Energy Assistance Program (LEAP) is a federally funded program that helps eligible hard-working Colorado families, seniors and individuals pay a portion of their winter home heating costs. Our goal is to help bring warmth, comfort and safety to your home and family by assisting with heating costs.

The LEAP program works to keep communities warm during the winter (November through April) by providing assistance with heating costs, equipment repair and/or replacement of inoperable heating tools. While the program is not intended to pay the entire cost of home heating, we aim to help alleviate some of the burdens that come with Colorado’s colder months.

In most cases, the energy assistance benefit is paid directly to the household energy supplier. In most cases, if you are approved for LEAP, payments are made directly to your primary heating fuel vendor and a notice will be sent to you informing you of the benefit amount. Other benefits provided by LEAP include repair or replacement of a home’s primary heating system, such as a furnace or wood-burning stove. The program does not provide financial assistance for any type of temporary or portable heating.

If this program interests you, please call 1-866-HEAT-HELP (1-866-432-8435) for more information.
