COUNTY ROAD 2 CONSTRUCTION UPDATE

Updated construction drawings to address the gas main conflict are nearly complete and work to widen the road is expected to begin in the spring of 2023.

The first phase of the widening will occur on the south side of the road in the City of Brighton. Widening of the north side of the road will closely follow the south side widening.

It is expected that the road will be open during construction, except for limited closures for a very short period of time.

More details coming soon on the Town of Lochbuie website and Facebook page.
